

2008 CONFERENCE STRANDS INDEX

Current Science

Friday, October 17

Measuring Our Carbon Footprint and Fingerprints on Climate Change	24
--	----

Sunday, October 19

A Scientist Walks into a Bar: Science Café as Outreach	35
Critical Issues in Building a Portal to the Public for Current Science Research	39
Development Luncheon: "Fund-Raising in the Field of Science and Technology"	35
Pub Science: Reaching Adults in Their Natural Habitat	41
Ready-Made Programs for Citizen Science	36

Monday, October 20

Creating Stronger Partnerships Between Research Institutions and Science Centers	43
Forging Effective Research Center/Science Museum Partnerships	44

Tuesday, October 21

Nature's Forecast	48
Science Quilting: Knitting Together Infectious Diseases from Different Perspectives	47

Leadership and Management

Saturday, October 18

After-School Funding and Policy: How It Fits Your Reality	28
The Big Picture: Aligning Youth Programs with Your Organization's Mission	31

Sunday, October 19

Traveling Exhibitions: Cash Cow or Monkey on Our Backs?	38
Action Research: So Many Questions, So Little Time	37
You Can't Do That in Museums!	37

Monday, October 20

Museum Exhibit Collaboratives: Dreams and Nightmares	43
--	----

Marketing and Communications

Sunday, October 19

Traveling Exhibitions: Cash Cow or Monkey on Our Backs?	38
--	----

Tuesday, October 21

Nature's Forecast	48
-------------------------	----

Public Policy and Issues

Monday, October 20

Math as an Entry Point to Conservation Education	42
--	----

Tuesday, October 21

Nature's Forecast	48
Science Quilting: Knitting Together Infectious Diseases from Different Perspectives	47

Research in Learning

Saturday, October 18

Learning Science in Informal Settings: A Consensus Study	28
---	----

Sunday, October 19

Action Research: So Many Questions, So Little Time	37
Engaging Chaperones: Planning and Conducting an Action Research Project	39
Introducing NSF's New Framework for Planning and Evaluating Impacts	36

Monday, October 20

Creating Stronger Partnerships Between Research Institutions and Science Centers	43
Long-Term Educational Impact	44

Tuesday, October 21

Digging Deeper at Exhibits: Tools for Building Visitors' Experimentation Skills	49
Early Childhood Learning on the Exhibit Floor	49
Informal Learning: An International Perspective	48

Technology

Sunday, October 19

ASTC in the YouTube Community	38
Enjoyment and Learning: Do These Have to Be in Conflict?	35
The Promise and Pitfalls of Digital Learning Games	39

Monday, October 20

Remote Worlds: Bringing Visitors New Experiences Through Scientific Visualization	44
--	----

Tuesday, October 21

Digging Deeper at Exhibits: Tools for Building Visitors' Experimentation Skills	49
--	----

The 2008 ASTC Annual Conference preliminary program is printed on 100 percent recycled paper with environmentally friendly inks.

2008 CONFERENCE STRANDS INDEX

In the Public Eye: Science Centers at the Crossroads of Science and Culture

Saturday, October 18

Providing the Tools to Teach: Educating Adults about Effective Early Science Experiences	30
Why Don't They Understand? Public Perception of Controversy in Science	29

Sunday, October 19

Critical Issues in Building a Portal to the Public for Current Science Research	39
From Island to Mainland: Science and Community Identity	38
Ready-Made Programs for Citizen Science	36
A Scientist Walks into a Bar: Science Café as Outreach	35
Using the "Science of Kids" to Engage Adult Visitors	37

Monday, October 20

Creating Stronger Partnerships Between Research Institutions and Science Centers	43
Forging Effective Research Center/Science Museum Partnerships	44
Remote Worlds: Bringing Visitors New Experiences Through Scientific Visualization	44
The Role of Culture and Worldviews in Science Learning	45

Tuesday, October 21

Informal Learning: An International Perspective	48
Nature's Forecast	48
Science Quilting: Knitting Together Infectious Diseases from Different Perspectives	47

CONFERENCE SESSIONS/WORKSHOPS TOPICS INDEX

ACCESSIBILITY/DIVERSITY/EQUITY

Friday, October 17

Increasing Latino Involvement in Informal Science24

Saturday, October 18

After-School Funding and Policy: How It Fits
Your Reality28
Creating a Federal Informal Learning Community:
Competitions and Alliances32
Creating Museum Programs That Are Inviting and
Accessible to All31
Sparking Community Interest and Motivation in
Science Education28

Sunday, October 19

The Bilingual Museum: Strategies for Serving
Multicultural Communities36
Creating Partnerships to Bring Science to Diverse
Communities39
Equity as a Factor in Informal Science Education37
From Island to Mainland: Science and Community
Identity38

Monday, October 20

Addressing Culture and Science in Digital Dome
Theaters/Planetariums45
Early Childhood Programs that Engage Families from
Diverse Backgrounds42
Equity and Diversity: At the Junction of Science
and Culture42
The Role of Culture and Worldviews in Science
Learning45
Why Is Diversity Important?44
Youth Staff: Doing Authentic Work in Their
Communities43

Tuesday, October 21

You Don't Have To Be a Scientist: Increasing
Community Capacity49
Youth Program Network Workshop47

ADMINISTRATION/FINANCE

Friday, October 17

Learning to Lead: Course 10223

Saturday, October 18

Alternative Revenue Generation Strategies Fit for
the Public Eye29
VP Dialogue32

Monday, October 20

Managing a Building Renewal: Lessons Learned at
The Franklin Institute46

CEO/Director/Trustee

Saturday, October 18

CEO Reflections on Leadership31
Leadership Succession and the CEO Contract29

Sunday, October 19

Beyond Visitors: Growing Mission and Margin37
The CEO Is In34
Conquering Challenges through Creative Leadership
and Professional Development40
New Models for Content Teams: A Discussion
with Directors39

Monday, October 20

The CEO Is In41
Forging Effective Research Center/Science Museum
Partnerships44
New Models: Broadening Our Perspectives44

Tuesday, October 21

Armchair Tour of New Science Centers48
The CEO Is In47
Using Inquiry to Build a Learning Organization48

CURRENT SCIENCE

Friday, October 17

Dialogue and Deliberation: Building a Better Forum24
Measuring Our Carbon Footprint and Fingerprints
on Climate Change24

Saturday, October 18

Climate Science: Updates from the Poles32
Innovative Partnerships to Bring Current NASA Science
to Your Institution29
Why Don't They Understand? Public Perception of
Controversy in Science29

Sunday, October 19

Critical Issues in Building a Portal to the Public for
Current Science Research39
Museums and the Mind: Applying Cognitive
Neuroscience to Free-Choice Learning37
Ready-Made Programs for Citizen Science36
Using the "Science of Kids" to Engage Adult Visitors37

Monday, October 20

Creating Stronger Partnerships Between Research
Institutions and Science Centers43
Public Engagement in Science Policy: New Roles for
Science Museums44

CONFERENCE SESSIONS/WORKSHOPS TOPICS INDEX

Tuesday, October 21

ASTC Connect Unplugged: Continuing the Conversation on Working with Scientists and Engineers	48
Science Quilting: Knitting Together Infectious Diseases from Different Perspectives	47

DEVELOPMENT/FUND-RAISING

Friday, October 17

Building Blocks for Success: Fundamentals of Fund Development	24
How to Develop Strong Programming Using Outcomes-Based Evaluation Tools	24

Saturday, October 18

Creating Major Corporate Sponsorships and Keeping Them!	33
Talk to the Experts: Collaborations and Trends in Foundation Funding	30

Sunday, October 19

Development Luncheon: "Fund-Raising in the Field of Science and Technology"	35
IMLS Grant Opportunities at the Crossroads of Science and Culture	38

Monday, October 20

How to Revive Your Upper-Level Membership Program: A Case Study	44
Science Education Partnership Awards (SEPA): A Grant Proposal and Funding Opportunity	42
Why and How Sponsors Develop Strategic Relationships with Science Centers	43

Tuesday, October 21

The NSF Informal Science Education Program: An Update	48
---	----

EDUCATION

Friday, October 17

Come to School at the Science Leadership Academy	23
--	----

Saturday, October 18

After-School Funding and Policy: How It Fits Your Reality	28
Doing Science and Math "Indie-Style": The Return	33
From Pee Wee to Piaget: Creating Developmentally Appropriate Shows	30
Listening to and Supporting the Field of Informal Science Education	30

Providing the Tools to Teach: Educating Adults about Effective Early Science Experiences	30
Structured Experiences: Improving the Effectiveness of Our Facilities	31
What Should Be Funded? Identifying Strategies and Products That Will Transform the Way We Experience and Learn Science	32

Sunday, October 19

Science: Tell It Like a Story (Part 1, Why?)	36
Science: Tell It Like a Story (Part 2, How?)	37
Staff Maintenance 101: Keeping Your Part-Timers Running Smoothly	37
Sweet Dreams Are Made of This... ..	36
Take a Child Outside Week: Join the Success	39
The Promise and Pitfalls of Digital Learning Games	39
When the Materials Do the Teaching	38

Monday, October 20

LEAP into Science: A Museum/Library Partnership in After-School Science Learning	46
Math as an Entry Point to Conservation Education	42
Programs and Partnerships on a Small Budget	43
Science Education Partnership Awards (SEPA): A Grant Proposal and Funding Opportunity	42
The Fire This Time: Doing Combustion Demonstrations	46
The 4th Annual Inquiry Fashion Show	43

Tuesday, October 21

Chemistry Programs That Get Great Reactions	48
Digging Deeper at Exhibits: Tools for Building Visitors' Experimentation Skills	49
Education Program Development: Documenting the Process, Part II	49
Nature's Forecast	48
Summer Camp Rules! Diary of a Happy Camper	47

EXHIBIT DEVELOPMENT

Friday, October 17

What Is Going On IV: The Hot Topics Exhibit Development Roundtable	24
--	----

Saturday, October 18

Everybody Out! Bringing Your Exhibits Outdoors	29
Meeting at the Crossroads: The Intersection of People and Science Exhibits	31
The Physics of Time and Space: Managing Exhibition Projects	29

CONFERENCE SESSIONS/WORKSHOPS TOPICS INDEX

Sunday, October 19

Does Design Matter in Science Centers?	38
Enjoyment and Learning: Do These Have to Be in Conflict?	35
Is Open-Ended an Open Invitation for Chaos?	36
Museums and the Mind: Applying Cognitive Neuroscience to Free-Choice Learning	37
Small Traveling Exhibitions: It's Not about Making Big Exhibitions Smaller	35
Traveling Exhibitions: Cash Cow or Monkey on Our Backs?	38
You Are the Exhibit: Self-Reflection in Interactive Exhibits	39

Monday, October 20

Making Science Exhibitions Memorable	44
Museum Exhibit Collaboratives: Dreams and Nightmares	43
Remote Worlds: Bringing Visitors New Experiences Through Scientific Visualization	44

Tuesday, October 21

Early Childhood Learning on the Exhibit Floor	49
---	----

FILMS/SIMULATORS

Saturday, October 18

Digital Cinema 3-D: A Feast for Eyes and Minds	28
Digital Cinema HD: A Feast for Eyes and Minds	30
Digital Cinema: Tooling Up for Launch and Marketing for Increased Revenue	32
Immersing Minds in the ISE Mission: Working Frontiers of 3-D Technology	31

HUMAN RESOURCES

Friday, October 17

Learning to Lead: Course 102	23
------------------------------------	----

Saturday, October 18

Keeping Everyone in the Loop	33
Leadership Succession and the CEO Contract	29
The Big Picture: Aligning Youth Programs with Your Organization's Mission	31

Sunday, October 19

Staff Maintenance 101: Keeping Your Part-Timers Running Smoothly	37
--	----

MARKETING

Monday, October 20

Word of Mouth Marketing: The Most Powerful Way to Engage Your Participants	43
--	----

Tuesday, October 21

Easy Money: Quick and Simple Ways to Enhance Revenue	47
--	----

MEMBERSHIP

Sunday, October 19

Mission-Driven Membership Programs	36
--	----

Monday, October 20

How to Revive Your Upper-Level Membership Program	44
---	----

MISSION/PHILOSOPHY

Saturday, October 18

Aristotle's <i>Politics</i> : A Vision of the Whole	32
The Big Picture: Aligning Youth Programs with Your Organization's Mission	31

Sunday, October 19

You Can't Do That in Museums!	37
-------------------------------------	----

Tuesday, October 21

Informal Learning: An International Perspective	48
---	----

NEW AND EXPANDING CENTERS

Tuesday, October 21

Armchair Tour of New Science Centers	48
--	----

OUTREACH

Friday, October 17

NEON (National Education Outreach Network)	23
Summer Science Programs: The Latest and Greatest	23

Saturday, October 18

From Pee Wee to Piaget, Creating Developmentally Appropriate Shows	30
--	----

Sunday, October 19

ASTC in the YouTube Community	38
From Island to Mainland : Science and Community Identity	38
Pub Science: Reaching Adults in Their Natural Habitat	41
A Scientist Walks into a Bar: Science Café As Outreach	35

Monday, October 20

Outreach LIVE!	41
----------------------	----

CONFERENCE SESSIONS/WORKSHOPS TOPICS INDEX

PLANETARIUMS

Monday, October 20

Addressing Culture and Science in Digital Dome Theaters/Planetariums	45
Finding Your Way in the Dark II: Switching Program Paradigms in the Planetarium	46
Fulldome Video Showcase V	46
A Whole New World: Science Visualizations on the Dome	46

RESEARCH AND EVALUATION

Friday, October 17

How to Develop Strong Programming Using Outcomes- Based Evaluation Tools	24
---	----

Saturday, October 18

Learning Science in Informal Settings: A Consensus Study	28
A Taxonomy of Visitors: Understanding Science Center Audiences	30

Sunday, October 19

Action Research: So Many Questions, So Little Time	37
Engaging Chaperones: Planning and Conducting an Action Research Project	39
Introducing NSF's New Framework for Planning and Evaluating Impacts	36
Visitors and Scientists: Are They Speaking the Same Language?	38

Monday, October 20

Long-Term Educational Impact	44
What Do We Know About What They Know About Climate Science?	45

TEACHER EDUCATION

Saturday, October 18

Providing the Tools to Teach: Educating Adults about Effective Early Science Experiences	30
---	----

Sunday, October 19

Beyond the Basics: New (and Successful!) Approaches to Teacher Professional Development	36
--	----

THEATER/DEMONSTRATIONS

Saturday, October 18

A Virtual Trip to Planet Gliese 581c	32
--	----

Sunday, October 19

Shall We Dance: Engaging Science Through Movement and Culture	39
--	----

Monday, October 20

The Fire This Time: Doing Combustion Demonstrations	46
--	----

VISITOR/CUSTOMER SERVICES

Saturday, October 18

Keeping Everyone in the Loop	33
------------------------------------	----

Sunday, October 19

Running a "Green" Museum: It's Not Impossible	38
---	----

Tuesday, October 21

The Marriage of Guest Services and Education: A Love-Hate Relationship	48
---	----

VOLUNTEERS

Saturday, October 18

Volunteers as Science Presenters: Optimizing the Experience for Volunteers and Visitors	31
--	----

WEB/ELECTRONIC COMMUNICATIONS

Saturday, October 18

Web 2.0: A New Crossroads for Science Centers	29
Web-Based Tools 101: Uses and Users Across the Science Center	31

Sunday, October 19

ASTC in the YouTube Community	38
-------------------------------------	----

YOUTH PROGRAMS

Saturday, October 18

The Big Picture: Aligning Youth Programs with Your Organization's Mission.....	31
---	----

Monday, October 20

What We Bring to the Table: How Different Professions Support Youth Program Development	45
Youth Staff: Doing Authentic Work in Their Communities	43

Tuesday, October 21

Youth Program Network Workshop	47
