How It Works:

The Peoria PlayHouse Summer Maker Program begins on Monday, May 27 and ends on Friday, August 16. We hope this program encourages you to try out different types of tools and inspires you to make fun projects, all summer long!

This Maker Map is filled with 25 awesome challenges. Some of the squares MUST be completed at the Peoria PlayHouse, while others can be done at home with your favorite adult OR at the museum in our Real Tools maker space.

Some of the challenges require you to read a book about making. The following 15 books are available in the Hayloft for you to read during your visit. Please make sure to return them to the basket where you found them when you're done! You can also check them out at your local library and read them at home!

- *Awesome Dawson*, by Chris Gall
- *The Most Magnificent Thing*, by Ashley Spires
- *Tools Rule*, by Aaron Meshon
- *What Do You Do With An Idea?* by Kobi Yamada
- *Rosie Revere, Engineer*, by Andrea Beaty
- *Not a Box*, by Antoinette Portis
- *Whose Tools Are These?*, by Sharon Katz Cooper
- *If I Built a Car*, by Chris Van Dusen
- *Fraidyzoos*, by Thyra Heder
- *Mechanimals*, by Chris Tougas
- *With My Hands: Poems About Making Things*, by Amy Ludwig VanDerwater
- *Tap Tap, Bang Bang*, by Emma Garcia
- *Iggly Peck, Architect*, by Andrea Beaty
- *What To Do With a Box*, by Jane Yolen
- *Have Fun, Molly Lou Melon*, by Patty Lovell

Throughout the summer, bring your finished projects OR photographs of your work AND your Maker Map to the Peoria PlayHouse and receive a stamp in Real Tools or at the front desk for each challenge you complete. If you attend a Drop-In Maker Program or Maker Workshop, the instructor will stamp your Maker Map at the end of the class.

Please keep in mind that while we love it when you work collaboratively with an adult, most of the making should be done by the child, with minimal assistance, in order to count.

For every FIVE stamps you collect, you'll receive a *small prize* AND a *raffle ticket* for the Grand Prize: a basket of tools and supplies to make more amazing projects at home!

If have additional questions about the Summer Maker Program, please contact our Family and Public Programs Educator, Adrienne Huffman, at (309) 323-6894.

Happy Making!
