Diverse Perspectives: Your session's articulated commitment to diversity will be considered during the review process.

ASTC is committed to incorporating diverse perspectives within each session and across the entire conference. The CPPC will also assess whether presenters are well-positioned to facilitate the session topics.

In the fields below, **describe how your session represents diverse perspectives, individually and organizationally.** It is critical that each session incorporate diverse perspectives and there is no single way to address this requirement, but consider the following dimensions of diversity:

- Range of personal identities (e.g., age, ethnicity, race, gender identity and expression, sexual orientation, ability, nationality)
- Variety of career stages and job roles
- Organizations of all types, sizes, and geographies
- Variety of perspectives and topical viewpoints
- Content explicitly focused on diversity, accessibility, inclusion, and equity

Individual Perspectives: Please comment briefly on how your proposal represents diverse INDIVIDUAL perspectives. For example, you may wish to comment on personal identities, career stages, and job roles of presenters. (100 words maximum)

Morbi mattis est vel felis feugiat, ut cursus mauris suscipit. Ut a nisi dignissim, posuere nisl eu, dictum lacus. Sed scelerisque felis et rhoncus rhoncus. Sed lobortis convallis turpis, quis consectetur turpis semper vitae.

Required

Organizational Perspectives: Please comment briefly on how your proposal represents diverse ORGANIZATIONAL perspectives. For example, you may wish to comment on the organizations represented by the presenters including type, size, and location. (100 words maximum)

ellentesque id orci tincidunt, auctor turpis molestie, gravida risus. Nullam faucibus nunc sit amet maximus suscipit. Orci varius natoque penatibus et magnis dis parturient montes, nascetur ridiculus mus. Suspendisse ut maximus mi, malesuada egestas lorem.

Demographic Information - These additional questions are optional and will not be used in the review of your proposal.

ASTC is committed to ensuring that our programs and activities are inclusive and represent the full diversity of our field. **The following questions are optional and will NOT be shared with proposal reviewers.** They will be used by ASTC, in aggregate, to assess our own performance against our stated values.

These questions were built based upon recommended demographics questions, including the following resources:

- T. Fernandez, A. Goodwin, J. Doyle, D. Verdin, H. Boone, A. Kirn, L. Benson, and G. Potvin. 2016. [More Comprehensive and Inclusive Approaches to Demographic Data Collection](#). *School of Engineering Education Graduate Student Series*. Paper 60.
- Harvard T.H. Chan School of Public Health Office of Regulatory Affairs and Research Compliance (ORARC). 2020. [ORARC Tip Sheet: Inclusive Demographic Data Collection](#).
- Human Rights Campaign Foundation. 2020. [LGBTQ Self-Identification in the Workplace](#).

As an organization headquartered in the United States, ASTC uses demographic categories drawn from U.S. policies and assessment criteria. As an organization with a global membership, we understand that not all of these categories are relevant outside of the United States, and we encourage respondents to use the self-description option to best describe their identities.

If you have any feedback about this form, please contact us at info@astc.org.

The following questions are optional and will NOT be shared with proposal reviewers. Responses are based on the proposal submitter (person filling out this online form), not the presenters.
